Business Rescue Status Report in terms of Section 132 (3) of the Companies Act 71 of 2008 (the "Act")

1. Introduction

This report is for the month of July 2017 and is published as an update to the business rescue status report published to affected persons and filed with the Companies and Intellectual Property Commission on 29 June 2017.

2. Implementation of the Amended Business Rescue Plan and Sale Agreements

2.1 The application to the Department of Mineral Resources ("**DMR**") for the Section 11 approval to transfer the mining right of Lesedi (Sale of Mining Right Agreement) has been granted by the DMR.

2.2 The Mining Right has been notarially executed and the corrected regulation 42 sketch plan (which is annexed to the Mining Right) was initialled by the relevant parties. The Mining Right was re-lodged for registration at the Mineral and Petroleum Titles Registration Office on 31 July 2017. In our experience, registration should take approximately 3 - 4 months after date of lodging.

2.3 Now that the Lesedi Section 11 has been granted, the Section 11 application relating to Sky Chrome (Sale of Equity and Claims Agreement) will be expedited and lodged with the DMR. We expect to be in a position to lodge the application during the course of the next 2 - 3 weeks. The discussions with the remaining shareholder in Sky Chrome are ongoing.

2.4 The fulfilment of the remaining suspensive conditions relating to the Lesedi and Sky Chrome transactions continue to be monitored and progressed.

3. Creditor Distributions

3.1 All creditors who have not yet furnished the business rescue practitioner with correct banking details into which their dividend may be paid, must please do so immediately.

SIGNED AT JOHANNESBURG THIS 31st DAY OF JULY 2017
